

what moves you?

Created by Shea Homes®, Lyric at RidgeGate™ is an eclectic community located in Lone Tree, where inspired living and everyday convenience get along beautifully. Diverse architecture and walkable streets set the scene, while parks, trails, and open space invite you to get out and about.

LYRIC AND LONE TREE

the best of both worlds.

City buzz or suburban calm? Why not have both? Here in Lone Tree, the home of Lyric at RidgeGate, the two lifestyles live side by side, sharing an address and a remarkably good attitude. Shopping, dining, wellness, business, all close enough to fold into an ordinary day and make it a great one. Two worlds, one zip code, zero downside.

Lone Tree has light rail stations that will take you to more great places than you can imagine, city services that just work, and schools students will be eager to call their own. With Charles Schwab, Kiewit, Lockheed Martin, and Sky Ridge Medical all calling Lone Tree home, ambition keeps excellent company. And Park Meadows takes on a shopping spree and a standing dinner reservation with equal, effortless flair.

better together

With the west side of RidgeGate fully developed as a complete community, the east side will become a focal point for urban progression. Along with vibrant neighborhoods, the development plan calls for mixed-use districts with curated shops and neighborhood services, incredible dining options, hotels, and a variety of office and workspaces. At the heart of the east side will be the Lone Tree City Center®, a 400-acre destination spanning 32 city blocks with convenient access to the light rail.

RIDGEGATE

X marks the good stuff

Lyric is a natural extension of RidgeGate's approach to urbanism, along with all the vitality that comes with it. RidgeGate features 600 acres of parks and natural habitat, with trails that connect to regional systems and offer miles of treks and rides right outside your door.

errands made effortless

The west side of RidgeGate already has its act together, so the east side is officially next. The centerpiece will be the Lone Tree City Center®, 400 acres and 32 blocks designed to keep life interesting. Big enough to wander, close enough to call your own, with curated shops, day-saving services, and dining that makes “let’s just stay in” a much harder sell.

Arriving in 2027, a second King Soopers becomes your go-to for last-minute dinner rescues and flowers that imply you remembered the date all along. It is all coming together now. Urban energy, suburban ease, and a future that never runs out of milk.

possibility, unlimited. keys, optional.

With the RidgeGate Parkway light rail station right next door, downtown Denver feels like just another part of the neighborhood. Catch the light rail for a concert, some crazy delicious salmon crudo, or the big game, then glide home with no traffic to fight and no parking to negotiate. Around here, getting there is somehow the easy part.

bigger.

Some parks ask for an afternoon. This one will ask for the whole weekend. Opening in 2027, High Note Regional Park stretches across 80 acres with multi-purpose athletic fields, two inclusive playgrounds, basketball and pickleball courts, a one-mile loop, a splash pad, and a dog park. There is even an amphitheater for the days that deserve a soundtrack. Big space, bigger plans, and a lot more fun is on the way.
